

***Important – please read carefully***

## **PARKING**

Please assist us by printing off and **displaying** the attached parking permit on the front windscreen of your vehicle as you arrive

Last year, the roads leading to Sibelco became jammed with traffic – Please try to get there by **8.30am** to avoid these problems!

Please be aware that the **Half Marathon** START is about  $\frac{3}{4}$  mile from the Start/Finish area. You will be directed to parking nearer to the Start.

Race Headquarters is in the office immediately on your right as you enter the site - if you need help, ask the Marshal, who will direct you to temporary parking. Your Race number and timing chip are to be collected from desks situated near the start of each race.

For safety reasons, we are operating a one way system from the main entrance (near the Racecourse) to the exit at Teigngrace. However, taxis and cars delivering runners will be allowed to use the main entrance until the Races Start - please tell the Marshal you will not be staying, so you can be directed to temporary parking.

If you need to leave and return, drive to the end of the exit road and turn left, turn left again after about a mile (by a Vauxhall dealer), left at the 1<sup>st</sup> roundabout, right at the 2<sup>nd</sup>, left at the 3<sup>rd</sup> (by B&Q) and you will be back at the main Sibelco entrance.

Please do NOT use the Tesco or Racecourse car parks.
